MONUMENTS UNVEILED At Savannah, Ga., to the Tune of the Bo nie Blue Flag, Marching Through

Georgia and Yankee Doodle.

Savannan, Ga., May 6.—The festivities attending the reception to Jefferson Davis, the contennial reunion of the Chatham Arattending the reception to Jefferson Davis, the centennial reunion of the Chatham Artiliery, and the competitive drill culminated today in great style. Mr. Davis this afternoon reviewed the troops, about three thousand in number, from the balcony of the Exchange. It was noticeable that while the old chieftain stood wreathed by Union flage and under their fluttering folds, a band went by playing "Marching Through Georgia." When the great crowd gathered in the Central square for the ceremonies of unvailing the Greens and Pulsaki monument, the bands came marching in quick steps to the rollicking notes of "Yankee Doodle." It was the first time that tune has been heard south of Mason and Dixon's line in thirty years. It was greeted with langiher and roars of applause. Said a Confederate officer: 'That is the first time I have heard that tune since I was a boy in college in the North. It does my heart good to hear it here. Now it has got here it will stay. Bully for Yankee doodle" Mr. Davis pulled his cigar out of his mouth as the Yankee Doodle Company, dressed in the full continental uniform of 1776, came by, and bowed and smiled as the crowd yelled. There was one sturdy hurrah heard, and that came from a Dubuque (Ia.) company with the Union flag. The Confederate flag. "Dixie" "Yankee Doodle." "Marching Through Georgia," and "Bonnie Blue Plag," and Jeff Davis bowing to it all, one could become sufficiently full of contrasts. The evening closed in a big pyrotechnical display. From here Davis will go straight to Beauvier.

Saya a Few Words on the Labor Troubles.

Washington, May 7.—Congressman Kelley, of Pennsylvania, is quoted as saying: 'These labor troubles are primarily caused by the capitalists, who, refusing to pay fair wages to American laborers, have gone altroad and brought to this country the vilest and lowest class of European laborers to take the places of men who can not and will not live the same as these ignorant and brutal creatures do. The thing to be done is to make eight hours a day's work and put in the penitentiary the ceglitalist who will permit his machinery to run a longer period than eight hours per day. Then legislate to exclude from this country the class of men who are responsible for such outrages as have occurred in Chicago. I have no sympathy with Anarchiets, dynamiters or Communists, mor have I any sympathy with the capitalists who will import labor of this class rather than pay good wages to American workmen." Congressman Rice, of Massachusetts, said: "I believe that the Government should put down with the strong arm of power every attempt at violence such as has been fomented in Chicago by those who have come from Europe." ays a Few Words on the Labor Troubles

THE DEATH PENALTY

Hasigs Over the Heads of the Anarchist Leaders in the Chicago Riot. Chicago, May 7.—State's Attorney Grin-nell has stated that he has obtained ample legal widence implicating Spies, Fielden and Schwab as the leaders in getting up the terrible riot on Desplaines street, which resulted in the destruction of several lives resulted in the destruction of several lives and the maining of many persons. This evidence will be very damaging to the three men named when they shall come to be tried before the criminal court, in order to find out whether the opinion of other prominent members of the bar sustained or not the conclusions of the State Attorney, several well-known members of the bar have been interviewed. The opinion of all of them, without any exception, is that so far as they know what the evidence is, it is fully sufficient to secure the conviction of all three men. They also hold that the evidence is sufficient to secure their conviction for murder and the infliction of the death penalty.

The Clonkmakers.

Chicago, May 7.—About 3,000 clonkmakers who work only six menths out of the year at an average salary of \$3 per week, have made a demand on the contracting clonkmakers for eight hours' work and an increase of twenty-five per cent on their wages. One of the contractors admits that the clonkmakers have been miserably paid, and he asserts that the wholesale dealers have grown rich out of the profits on their work. The contractors number about 70,0 and they are organized as Assembly No. 5,120 of the Knights of Labor. At a meeting held last night they expressed their willingness to grant the demands of their employes, providing they can induce the wholesale dealers to pay an advance on the present price of the goods. A committee was appointed to lay the matter before the leading houses.

Prominent Minnesotan Cremated.

Pittenbuson, May 7.—The remains of Thos. J. Barnay, a wealthy and leading citizen of St. Paul, Minn., arrived in this city last night, accompanied by a relative of the deceased. A few minutes after, the body, which weighed two hundred and forty pounds, was placed in the retort of Sampson's natural gas crematory on Sixth avenue. Two hours later the gas was turned off. The receptacle was removed to-day, and the ashes, weighing eight pounds, placed in an uru and delivered to the friend, who at once left for St. Paul.

Large Pession Allowed.

Washington, May 7.—Secretary Lamarhas rendered a decision in the pension case of Samuel W. Robertson, of Soneca, Kas., an appeal from the Commissioner of Pensions, reversing the commissioner's decision and ordering that the claimant's name be placed on the pension rolls at \$73 per month, and that he be paid the sum of \$10,760, the amount due at the rate specified, from date of final discharge from military service. This decision affirms the action of Secretary Teller of February 23, 1855. The alleged principal cause of disability is total blindness, which, from the evidence, the Commissioner held was contracted prior to enlistment.

VICTIMS OF THE RIOT. Two Mure Officers Dead—Anarchists Dying

CHICAGO, May 9.—Two more of the wounded police officers are dead—Flavin and Shehan, making five altogether. The latter died to-day and the former last night at the county hospital. The circumstances of Flavin's death were particularly distression. His faithful wife who has night at the county hospital. The circumstances of Flavin's death were particularly distressing. His faithful wife, who has constantly stood at his side and watched him grow weaker from day to day, came from his room in ward five a few minutes after four o'clock almost distracted. In a pitiful voice, while tears dropped from her sleepless eyes, she moaned: "He has gone he has gone! Oh, my darling: if I could only go with him What shall I do!" A Sister of Charity tried in vain to comfort the bereaved woman, but her loss was too great to listen to kind words. Late last night a ctartling story was circulated relating how a just, speedy and terrible retribution had overtaken a number of the foremost ricters of Tuesday night. The story is now confirmed by the police, and is the source of no little satisfaction to the comrades of the martyred policemen. When the drug store of Samuel Rosenfield, on the corner of Center avenue and Eighteenth street, was raided by the roob of Anarchists last Wednesday, some of the leaders took the opportunity to rob the store of all the liquor it contained, and it is now asserted by the police, upon the evidence of physicians in the neighborhood, that not content with the whisky and wine stolen, the rabble seized upon every bottle that had the appearance of being the receptacle of spirits. A large bottle of carbolic acid was among the others carried away, and, owing to its color and general resemblance to whisky, it was passed from hand to hand after the raid, and drank by a half-dozen or more of the mob. The acid began to take effect as soon as it entered the stomachs of the rioters, and in spite of the best efforts of doctors and emeric two of the drinkers are dead and three more are at death's door.

GENERAL ASSEMBLY

derly to Meet at Cleveland, May 28.

Baltimone, May 9.—General Master

The causes leading to the calling of the session are given as follows: I. The rapidly increasing membership of the order requires changes in the laws which the General Executive Board have an authority to make. 2. The laws in relation to the government of boyootting are wholly inadequate to compel oledience on the part of assemblies that believe in boycotting for every offense, whether great or small. 3. The laws in relation to strikes do not give the general executive board power to interfere in such matters until after the strike has been inaugurated. 4. The order has become involved in difficulties with trade societies and an effort is being made to create a rupture between these societies and the Knights of Labor.
